

Please do not make changes to the Do Not Call List for New Jersey. I feel free from the harrassment of the calls that I was previosuly receiving. I consider my telephone a private tool that I choose to communicate with, I see no need to share this tool with unsolicited and unwanted calls. I want to be able to choose who calls me. Let these tele marketers find alternate routes of getting their products accross. Use the US Postal Service, not my phone, I can throw what I deem to be junk in the garbage. At least I have a choice. Not answering the phone is not an option.
